**e-WOOF** is a bi-monthly e-newsletter produced by a small group of Wyoming dog rescuers in an effort to highlight shelter dogs in critical need of help.

**e-WOOF spotlights many dogs that face euthanasia within days unless they are rescued, fostered, or adopted.**

Transport can be arranged, in most cases, to approved adoptive or foster homes or rescue organizations. Please help us! These are good, healthy, happy, loving dogs that are out of luck and out of time.

We urge you to crosspost to e-mail lists and Web groups, forward to friends, send to co-workers, and share with family. We hope our efforts, combined with yours, will save many lives.

**For the Dogs,  
Christina, Sherry,  
Kathy & Vicki**

**FIFI** is a German Shepherd/Cocker/Rottie mix 7

months old. "I'm Fifi and I'm looking for a new family to adopt me. I like all people, dogs, and cats. I especially like children and slept with the children of my previous family. **I have soft eyes which are quite expressive, and full of hope.** I'm only about 19" tall, and judging by my feet, I have very little growing left. I am easy to leash and I enjoy going for a walk. **I am a quiet girl who enjoys all the love I can get. Please give me a second chance in a new family and we can spend quality time with each other playing, going for walks, or just enjoying each other's company!"**

loved family members. We all like people very much. We are at a critical point in our life inasmuch as we need more socialization and love from people than we have had so far. Although we might make a game out of being leashed, we are easy to leash, and can walk on leash – but we do need some work helping us learn to walk better when we are on leash. **Because of our age, we are literally an "open book with blank pages" and very ready to be trained. Plus, we're very cute and have a lot of fun! Won't you please adopt each of us and show us what life is all about?"**

**BIG BEN** is Big Ben Black Lab mix 5 years I'm a lovable neutered black lab.

I am easy to leash and I walk well on leash. I am quiet, and a little overweight, but I have beautiful thick black fur. I like all people and other dogs. In spite of my size, I am very agile and have nice, quick movements. I enjoy wagging my tail nearly constantly, and I always have a big smile on my face. It was snowing the day I had my picture taken, and I enjoyed being outside and having the snow fall on me. **I am looking for a new family to love me... won't you please adopt me?"**

**LAB MIX PUPPIES.** These adorable puppies are 4

months old. "We do not have names yet. We are all looking for our home where we will be

**PLEASE NOTE:** Time is of the essence for helping the dogs featured in the e-WOOF newsletters. Please contact the name/numbers for each dog before contacting e-WOOF. In most cases, time is limited for the dogs featured in our newsletters--with that in mind, we try to get the word out to as many contacts as we can using this publication. Work on behalf of the animals for finding them homes and/or rescues comes from many, many sources and is an **ONGOING** effort dealt with a sense of urgency. In some cases there may be times when a sudden adoption and/or rescue comes through at the exact time our newsletter is issued. This is an unforeseen circumstance on our part--while we certainly understand the "crossover" may cause frustrations for you as the prospective adopter of an animal we hope you join us in rejoicing for an animal being saved.

**We appreciate and thank you for your continued support FOR THE ANIMALS!**

### REMEMBER: ADOPT-- DON'T SHOP!

If you're wanting a special friend, please let us know what you are looking for. We will watch the shelters and alert you when we hear of one in need.

### TRANSPORTERS NEEDED...

If you can help drive a dog to safety, please join our transporters list.

### For more information on volunteering...

please e-mail to [ewoof@wyoming.com](mailto:ewoof@wyoming.com)

We welcome volunteers from all states.

### FOSTER HOMES NEEDED!

If there is a dog featured in this newsletter that you want to foster,

### PLEASE CONTACT US!

Many dogs just need a temporary place to go to be safe.

**BRAWLEY** is a Beagle mix, 8 years old. "Hi-I'm a quiet guy who likes people and other

dogs. I sort of prefer to have other dogs let me do my own thing. I am easy to leash and I walk well on leash, in fact, I really enjoy going for a walk, and sniffing all the wonderful smells I can find. **I'm a small guy – about 13" tall, and I'm looking for a new family. Won't you please adopt me and save my life?"**

**CANTU** is a Beagle mix, 5 years old. "I am a very quiet girl who is easy to leash,

and walks well on leash. I enjoy going for walks, looking around, and smelling all sorts of wonderful things. I like the people I have met so far. **I'm a cute little girl who is looking for a new family I can love, and a warm home with that new family. Won't you please give me a chance to have a new "leash on life"? I promise to take you for a walk anytime you want to go!"**

**HOOCH** is a sweet older male Chocolate Lab/mix who has been at the shelter for nearly 6 months.

His owner could no longer care for him anymore. He came in with Bashful who just got adopted. Hooch is lonely now by himself and needs to find a home. He is good with other dogs and children. He LOVES walks and quiet time with people around. **Hooch is VERY LOVING and needs to find a home once again.**

**SHANIA** has been in the shelter since September, 2009. She is an owner surrender due to moving to an apartment where no dogs are allowed. Shania is a female Golden Retriever-Malamute mix, 8 years old. She is house trained, spayed, has all her vaccinations and good with other dogs, cats, and children.

**DUKE** is a male Boxer, 6 years old. He is very active and would do best with a stay-at-home owner. Duke is current on all vaccinations, house trained, and neutered. He likes attention and walks. Duke seems fine with other dogs.

**ISABEL** is a Blue Heeler/Australian Cattle dog mix, 4 years old. Her owner surrendered her because she did not do well with the younger grandchildren. Isabel is current on all vaccinations, is house trained, and spayed.

She is shy, likes attention, and her walks. She is good with male dogs but tends to be dominant with females. **She would love to find her special home!**

**BETTY** was taken from a home where she was very neglected. She and her sister were starving when they came in to the shelter. Some TLC has given Betty hope and helped her gain some weight. She knows how to sit, gets along well with most other dogs and has a gentle disposition. She is looking for a home where she gets plenty of attention and regular meals. She is friendly with people and seems to be none the worse for wear considering where she came from. She is about 1- 1/2 years old and looks to be maybe Collie and Terrier.

**STEELE** is a loving and gentle 7-year old lab. He's a big fella – topping the scales at more than 125 pounds. Steele has been blind since birth and occasionally has mild seizures (controlled with medication). His family is no longer able to keep him due to circumstances beyond their control. **Steele loves children and is able to get around his home very easily. He's a big lap dog who also loves cats and he lets them rub on him.** Steele currently lives in Laramie and help with transportation may be available if you don't live close by. **Steele is truly a big loveable boy and will "Steele" your heart!**

**The Dog & Cat Shelter in Sheridan** is now the coordinator of **SPAY WYOMING**. We have received a small start-up grant to cover costs of the program over the years, so no Shelter funds are used. We are going to dedicate part of that grant for spay/neuter assistance, including our feral cat Trap-Neuter-Return Program, which has been inactive since we used up all the grant monies for that project.

As an affiliate of Spay USA, Spay Wyoming will accumulate information on low-cost spay/neuter options in Wyoming and provide that information to the public on the Spay Wyoming website, which will be soon located at [www.spaywyoming.org](http://www.spaywyoming.org). We have launched a toll-free hotline, **1-888-7WY-SPAY (1-888-799-7729)** for people from low-income households anywhere in Wyoming to call and be directed to the clinic nearest them offering

reduced rate surgeries for cats and dogs. **Local people should call 675-1850.**

Spay Wyoming will definitely be a cooperative effort. We want to recruit people in all regions of the state to help us gather information about low-cost spay/neuter opportunities in their area and to recruit donors to help us establish a state-wide spay/neuter assistance fund. If anyone is interested in helping, please contact us. Additionally, this information will allow Spay Wyoming to more easily identify the areas of Wyoming where more assistance is needed and to provide support in the development of further spay/neuter programs, including the recruitment of veterinarians to be part of a statewide network.

We hope by our efforts to reduce the number of unwanted births and enhance animal health through the many benefits that result from spaying or neutering.

**If you know of any current spay/neuter assistance programs, spay/neuter clinics and/or veterinarians who are or would be willing to offer reduced rates for spays or neuters, please contact Cel at 307-674-7694, [dogncat@fiberpipe.net](mailto:dogncat@fiberpipe.net) or [spaywyoming@fiberpipe.net](mailto:spaywyoming@fiberpipe.net), or of course call the Spay Wyoming phone line.**
